Ringkasan

I am an Informatics Instructor with a background in Informatics and professional experience in vocational training and workforce development at UPT Balai Latihan Kerja Singosari, East Java. I focus on delivering practical and competency-based training that helps participants develop digital and technology skills relevant to the workplace. I have experience delivering training in: Practical Office Advance — Microsoft Word, Microsoft Excel, and Microsoft PowerPoint Graphic Design — Adobe Photoshop, Adobe Illustrator, and CorelDRAW Web Programming — HTML, CSS, JavaScript, and PHP Computer Assembly & Networking — computer hardware, networking, MikroTik, and client-server systems I hold professional certifications in Metodologi Level 3, Desainer Grafis Madya, and Practical Office Advance, supporting my professional practice in vocational training and competency development. In addition to classroom instruction, I develop training materials, jobsheets, practical exercises, assignments, and competency assessments to support hands-on learning. My professional interests include digital skills development, vocational education, information technology, programming, graphic design, computer networking, and workforce development. With an academic background in Informatics from Universitas Brawijaya, I enjoy bridging technology and education by transforming technical concepts into structured, practical, and workplace-oriented learning experiences.
